RODDAN RETURNS FROM COAST CITY

John Roddan of the Miami drug store, president of the Miami Commercial association, returned Thursday from a ten day trip to Los Angeles on business, going there to place an order for an up-to-date iceless soda fountain, which is to arrive in two weeks. While in Los Angeles Mr. Roddan had an interview with the secretary of the chamber of commerce and extended an invitation to that organization to visit Miami as well as Globe when their trade excursion arrives March 17. Mr. Roddan, the secretary, assured Mr. Roddan that Miami would be visited, could the railroad schedule be changed, over which they were having trouble at the time. Mr. Roddan, met a number of business men, members of the chamber of commerce, all of whom declared they would visit Miami.

PAY DAY AT MIAMI

Pay day on Thursday at Miami was the cause of bringing good cheer to every merchant in Miami. From 4:30 until after 6 p. m., the cashier of the Bank of Miami and the cashier of the Gila Valley Bank were swamped cashing checks, although hundreds of checks were cashed by the storekeepers. In many of the stores it was impossible to serve all the customers although a large force of additional clerks had been provided for the rush. Although the saloons did a thriving business there was little disturbance and "the morning after" there were only six Mexicans in the calaboose held on a charge of plain drink.

SAFFORD VOTERS TO PASS ON PUBLIC UTILITIES

Special to the Silver Belt.

SAFFORD, March 11.—At a meeting of the city council yesterday afternoon to consider the matter of obtaining a water system and electric light plant, an ordinance was passed calling for a special election as soon as the matter can be legally arranged. Thus the voters will decide whether or not S. S. Campbell and associates shall be granted a twenty-five year franchise to supply Safford with water and electricity.

The ordinance calling the special election outlines the conditions under which the franchise shall be granted and the requirements concerning rates, operation, etc. It provides, among other things, that "In eighteen months from date grantee must expend not less than \$500 upon water mains and construction within the limits of Safford." This clause is by some considered rather indefinite, as it does not specify that this sum shall be expended within the provided eighteen months, leaving the question of time for completion of stipulated amount of work rather indefinite.

The ordinance provides that work shall be begun on a storage reservoir in Mount Graham and mains in the town of Safford within a year from date of franchise. No stipulation is made as to when the system shall be completed.

MY DOCTOR MIGHTY FINE

Mrs. Hattie Cain of Carrsville Thinks all the More of Her Doctor Since He Advised Her to Take Cardui.

Carrsville, Ky.—"My doctor," writes Mrs. Hattie Cain, "who advised me to take Cardui, for my troubles, is a mighty fine doctor, and I say God bless Cardui and the people who make it."

"Before I took Cardui, I suffered with female troubles for sixteen years. I would have to send for a doctor every three months, and oh! how dreadfully I suffered!"

"I would cramp and have convulsions and it looked like I would die. At last I took Cardui and oh! what a surprise! I found it was the medicine for me!"

"From the first bottle, I began to mend and now I am well, can do more work, can walk and go where I please and it don't hurt me, and I owe it all to Cardui."

Cardui helps sick women back to health. It has been doing this for over 50 years. It is not a laxative, or a heart or kidney medicine—it is a woman's medicine.

If you are a woman, try it.
